

Osage Nation Environmental Solutions, LLC

A subsidiary of Osage LLC | SBA 8(a)

CORPORATE OVERVIEW

Osage Nation Energy Services, LLC, doing business as Osage Nation Environmental Solutions, LLC, (ONES) is an Indian Small Business Economic Enterprise (ISBEE) and SBA 8(a) company, wholly owned by the Osage Nation.

ONES provides environmental compliance, planning, and engineering services to commercial and government clients in support of infrastructure, transportation, energy, water, and land management. ONES has extensive experience in providing onsite environmental program management services and our staff hold numerous professional registrations and certifications. Our management team has proven success in meeting mission requirements and providing best value services to our clients. This has resulted in numerous multi-year contract awards with Federal customers.

SELECTED PAST PERFORMANCE

Fort Benning, GA

ONES provides onsite management support, implementation, and monitoring of the Clean Water Act, Installation Spill Contingency Plan, and Emergency Planning and Community Right-to-Know Act (EPCRA) programs for the DPW-Environmental Management Division at Fort Benning, GA. We are well-practiced in both federal and state regulatory compliance and assist with preparing and updating permit documentation and management plans, developing and implementing best management practices, and performing compliance assistance visits to client and tenant facilities on the installation.

Fort Campbell, KY

ONES provides day-to day technical services in support of environmental programs at Fort Campbell, KY at their Pollution Prevention Operations Center (PPOC). These services include: hazardous waste management; hazardous material (HM) EESOH-MIS database management; EPCRA reporting; HM warehouse management/deliveries/compliance

inspections; solvent management and recycling; used oil and used antifreeze recycling; refrigerant management and reclamation; battery management program, and maintenance, service, and repair of tactical vehicle fire extinguishers.

Fort Gordon, GA

ONES provides Natural Resource Management services to Fort Gordon, GA that includes Threatened and Endangered Species Management, Habitat Restoration Support, Fish and Wildlife Management, Forest Management, Wildland Fire Management, Pesticide Management, and implementation of the INRMP and wildland fire management plan. ONES collects forest vegetation data for endangered species habitat management and prescribed burns; assesses conditions of red-cockaded woodpecker (RCW) clusters and associated cavity trees; and manages existing habitat for RCW, game species, and migratory birds. We also conduct awareness training for endangered species conservation and compliance.
